TO WHOM IT MAY CONCERN

Rexstone Builders Ltd., under the management of Mr Nigel Jeffery, recently constructed and fitted a range of countertops, cupboards and wardrobes within the Vicar's Vestry at St Thomas à Becket Church Framfield.

We are pleased to be able to report that the workmanship was of an exceptionally high standard. The work was carried in accordance with the Architects plans and to his entire satisfaction.

We can also report that the work was completed in accordance with the programmed timings required and on budget.

We have no difficulty in recommending this Company as competent, polite, efficient and reliable.

Rexstone Ltd has also carried various minor jobs within the Church buildings and all work has been very satisfactorily executed at the arranged times.

For and on behalf of St Thomas à Becket Fabric Committee

Ian R Tindall
